J. HARVEST & FROST  
CORPORATE SHIRTMAKER

## J.HARVEST & FROST

Our mission is to bring passion and aesthetics to your workday. Harvest & Frost is built on the belief that aesthetics, quality design and precision craftsmanship play fundamental parts in our lives. In other words – we believe in order to thrive and find our passion while we work - we need to surround ourselves with things which inspire and encourage us.

### WE ARE SHIRTMAKERS

We are a work shirt brand for men and women - and in order to succeed in our mission, and become “fuel for your passion”, we offer well-made, detailed and affordable work shirts of the highest quality. We aim to be that undefinable, yet powerful, intangible asset which aesthetics represents in your workday. J.Harvest & Frost was established in 2014 as a result of a collaboration between two brands – James Harvest Sportswear, rooted in U.S. college fashion with worldwide distribution and Frost, with its focus on tailored, well-cut garments in a small scale. Two excellent concepts brought together in one brand.

We started on a journey to develop our lines of high quality work shirts for men and women.

To be there with you – everyday - at the workshop, the office or at the pub – we set out to develop a collection of shirts which would meet the needs of those occasion. Quality, roughness, durability became our lodestars.

We found inspiration in early 20th century fashion, as well as books, movies, brands and classic designers. We were determined to create something unique – but still at affordable prices. We wanted to make each garment something we would’ve loved to wear ourselves.

### NEVER DONE

Still, people’s expectations and needs changes, so we realize, with delight, that our pursuit for that perfect work shirt will be never-ending and we’ll continue our journey and search for the best fit, materials, details, stitches and techniques.

Making these products demands a holistic view on design, and we recognize that aesthetics are more than visual beauty. We live by the rule that quality design is the sum of three inseparable variables; excellent craftsmanship, the best materials and integrity.

So, while we’re on our quest to give you that little bit of extra beauty in you workday – rest assured – we have got your back. Work hard – and put all your energy into your own dreams. We’ll make sure you’re always dressed for the occasion.

## THE J.HARVEST & FROST CONCEPT DIVISIONS

Black Bow – our top of the line collection business shirt. Full featured, classic shirts with state of the art anti-spill nano treatment, prepressed sleeve, never iron treatment, taped seams, split yoke. 100 % premium long staple compact cotton.

Green Bow – our classic business shirt collection. Here you find our single color products. Timeless classics that will never go out of style. Non iron, taped seams, split yoke. 100 % premium long staple compact cotton.

Red Bow – the classic collection with a twist. Our well-worked shirts with contrast details to suit different situations. Works fine as a business shirt and for more casual occasions. Non iron, taped seams, split yoke. Most are made from 100 % premium long staple compact cotton.

Purple Bow – our trend collection. Here you find our latest, most fashionable products. This collection is always changing to meet the needs for fashion today and tomorrow. Non iron, taped seams, split yoke.

Indigo Bow – the indigo bow line is all about casual style. Knitted shirts, jeans shirts, linen shirts. They are all 3 cm shorter than our business models. Enjoy our Tribute to Leisure.

Yellow Bow – our price & eco conscious shirt collection. Plenty of bang for your bucks. These shirts are made from various materials; lyocell, long staple compact cotton, organic cotton, recycled polyester, recycled polyamide and recycled elasthan.

Making the finer wear work

- From the office to the dinner party

# BLACK BOW

THE ULTIMATE IRON FREE SHIRT WITH REVOLUTIONARY SPILL PROTECTION, AND PROBABLY THE LAST GREAT SHIRT YOU'LL EVER NEED. SAY GOODBYE TO IRONING, UNTIMELY COFFEE SPILLS AND BUSINESS LUNCH STAINS. THANKS TO ADVANCED NANOTEX TECHNOLOGY, THE BLACK BOW HAS YOUR BACK. BLACK BOW IS SET OUT TO BE THE WORLD'S BEST WORKING SHIRT. YOUR NOW ABLE TO TEST IT IN ITS NATURAL ENVIRONMENT - YOUR LIFE.

## SPLIT YOKE

The construction of the yoke involves splitting the yoke, rotating the parts in the correct angle and sewing them back together. This allows the fabric a bit more stretch which gives you improved freedom of movement and a better fit. We also added mechanical stretch in the material to make it comfortable to look this sharp.

## SOFT MODERN CUT AWAY COLLAR WITH HIDDEN BUTTON DOWN

No more of anti-gravity collar. These collartips stays put with the hidden button down feature.

## ELASTIC COLLAR BUTTON

In the strive to make the worlds best working shirt, Tor Bjarne made a pledge to himself. Before retiring he would make a patented solution to the problem many (including himself) has. Closing the top button in the collar, is for some very uncomfortable or even impossible. This should be possible to amend.

We have taken the first step in that direction. The top collar button is fastened with elastic tread instead of the traditional one. This makes room for extra movement and is more comfortable to wear. A small, but important, step towards our big aim at making the finer wear work.

## NEVER IRON

Everybody knows about Non Iron. Sometimes it's true and sometimes, not so much. We already have Non-Iron on most of our shirts, and we are confident that you have tried it and found it to be one of the ones that works. We were not content. There is still some room for improvement, said Tor Bjarne... Which of course there was. Enter; never iron. Life is bigger than creases.

A never iron shirt stays crisp through out the day, due to the taped seams and the wrinkle resist treatment. The activator for the never iron function is however moisture. So it needs to get damp or wet to straiten out the small amount of creases accumulated during the use of the shirt.

## NANO TECHNOLOGY

Beside our regular acclaimed style and finish, we went further into the construction of the fabric. We went far into the fabric. We enhanced the fibres on a molecular level, maintaining the feel and look of the cotton, but made it more resistant towards liquids and oils. Both from the outside and the inside. So if you spill, or get a nervous sweat attack, minutes before your big meeting, you still look like a million bucks. Brush it of and nail that presentation.

Nothing beats the clean look of a solid dress shirt.

But even at a solid color there are still some features that make our shirt stand out from the crowd. The shirt is crafted in our favorite high performance twill texture. This gives the perfect sheen to it, results in a substantial good hand feeling and makes it less transparent than similar white dress shirts.

A split yoke in back, medium cut-away collar and a 35 mm. raised placket set the edge for this sharp, but classic shirt.

White thin stripes on a blue or grey anthracite base, makes it a stylish new version of the classic striped shirt. The shirt can perfectly match with all colors and patterns, and is an excellent choice if you should add some colors to your standard white & blue wardrobe. The shirt is crafted in our favorite fine-twill fabric, for perfect performance. We added modern contrast details together with standard features like semi cut away collar, flat front, angle cuff and a split yoke in the back. The shirt is well-designed to take you from the office to the dinner party in one day.

We might be one of very few brands that, at the present, can handle the combination non iron & stretch. It's a tricky combination, you see, which requires quite a lot of thinking, testing and developing to get all this performance into one single shirt. Luckily, we do enjoy the hard-work & developing.

This shirt comes with stylish details, such as a passepoiled chest pocket and matching contrast colors at the right spots.

Blue/white patterned shirt. A double 100's jacquard fabric, with a nice modern micro-pattern. Combine it with the full suit or a more relaxed look together with jeans, either way it will serve you good.

Our newly developed fabric is made with a mechanical stretch for better comfort. The mechanical stretch is a new innovative way of giving comfort to a 100% natural long stapled, compact cotton fabric. It will give natural elasticity to the shirt of up to 12% stretch the weft way, and still keep our great non-iron performance. This is innovative shirt-making at its best, and we enjoy taking part of it.

A new edgy shirt in the same spirit as the old Purple Bow 46. The microcord structure in the fabric that makes it stand out compared to our classic twill. The fabric in combination with extreme cut-away collar and a new kick-ass paisley contrast, makes a bold statement. The contrast is obvious on the white, and more discrete on the luxurious navy fabric. Wear it with jeans and a blazer or with a suit and sneakers and you will look impeccable, from the office to the dinner party.

It has the look of a classic woven dress shirt, but indeed it is a knitted shirt.

Combining the best from two worlds, makes this the world's most comfortable good looking dress shirt. It is like wearing a T-shirt, incredible comfort. We make this happen by using high-end double 60 compact yarn, and a soft treatment. This gives the shirt a luxurious out-view and silky touch. Also, when using high quality yarn in a knitted fabric, you get a natural non-iron performance, so you simply wash it, hang dry it and wear it.

We have strong confident in this new and innovative way of making fine-shirts. And by this we are looking forward to develop more colors and patterns to the knitted program.

Enjoy!

We mixed extra-fine wool/cotton yarn to get an all-season garment and benefits from 2 natural fibers. To keep up our responsible work as a brand, we use certified wool and carefully selected long staple U.S. pima cotton. You can wash it in a washing machine, but keep in mind, this is a Merino garment, and have benefits of not needing to be washed so often, simply air it out when needed.

The yarn is a compact yarn with extra high twist. We added "super wash"-treatment for less pilling. In addition we made it with long staple U.S. pima cotton. This way we can make sure of high quality, soft touch and high performance. We aim for the best only. High quality & high performance.

The popularity of our technical car coat, and the good test reports, made it necessary for us to make a hooded version. And so was the parka born. It has the same technical performances as the car-coat, but we made it with a bit more bold attitude of a "big city-parka". Outside front pockets, long sloping tail in the back and more straight fit. The way you would want to wear it, providing you with the right feeling of style, luxury and versatility in any given day or occasion.

The main Technical features are 360 degree stretch, thin Primaloft-Silver insulation, water and wind proof. This highly technical, extreme lightweight parka is perfect for usage in the -15°C To +15°C temperature range.
