

YOUR UMBRELLA

STYLEBOOK 2022

FARE

YOUR
UM

BRELLA YOUR MOMENT

**LIFE HAPPENS
OUTDOORS.
IN ANY WEATHER.**

There are some moments you can only experience outdoors. Sometimes there are surprising encounters outside of your own four walls. And those unique impressions that you remember for so long. With a customised FARE® umbrella, your brand or business is part of it.

When people take their favourite umbrella with them, it's about being receptive to all the beautiful and surprising things that come their way in life. It's about enjoying every moment – regardless of the weather. Let yourself be inspired by this Stylebook. And be there with your chosen FARE® umbrella when there is something to experience, enjoy or protect.

THE MOMENT WHEN
EVERYTHING JUST

WORKS PERFECTLY

A FARE® UMBRELLA IS YOUR LONG-LASTING BRAND AMBASSADOR,

as unique as your business or brand. This is what we have been tinkering and experimenting with in our family business for over 65 years, with a great deal of passion and experience. We continue to develop the tried-and-tested and transform new ideas into convincing solutions. We have high expectations in terms of quality and set high standards in manufacturing. You can see that in our umbrellas – in the appearance, in the materials, in the functionality. All of this makes it a special moment every time an initial idea becomes a real FARE® umbrella.

Seal example

Many FARE® products are carefully tested by the accredited LABTECH Prüfungs-gesellschaft mbH.

Our waterSAVE® cover material saves energy, protects water and the environment.

Member of amfori, the leading global business association for open and sustainable trade. We participate in amfori BSCI. www.amfori.org

Measure and weight indications are approximate figures only. We reserve the right to change colours, technical details or designs. Embellishments as shown in the promotional labelling examples are subject to a surcharge. Our General Terms and Conditions of Business apply.

AWARDED IDEAS

FARE® products have already been awarded many internationally recognised prizes for their trendsetting design and functionality, which heightens our own claim: FARE's innovative strength will continue to produce intelligent and creative solutions in the future.

FARE[®] – SKYLIGHT

SUPER GIFT 2021

A real highlight

Bad weather is often accompanied by poor visibility.

For more orientation in the dark, the LED lighting turns on automatically when the umbrella is opened.

The illuminated cover is also an eye-catcher from the outside. When closing – or at the touch of a button if required – the lighting switches off again; this saves the batteries.

To see and
be seen

7749

AC midsize umbrella FARE[®]-Skylight

- With LED interior lighting for better orientation in the dark
- The lighting switches on automatically when the umbrella is opened
- The lighting is switched off using the push-button

FARE[®]- SOUND

 PROMOTIONAL GIFT
AWARD 2020

I'm singing in the rain,
just singing in the rain ...

7799

AC midsize umbrella FARE[®]-Sound

- Plays the recorded sound when opened at the push of a button
- Individual customisation with your distinctive sound!
- Perfect for sound logos, jingles or claims

The umbrella for your dream movie – Smart advertising you can see, feel and hear

It is easier to remember the things we hear and see! Use familiar sounds to create an emotional connection to your brand, product or story every time the umbrella is used.

A man with a beard and short brown hair is shown from the chest up, smiling and looking to his right. He is wearing a yellow, grey, and black plaid coat with a white shearling collar. He holds a bright green umbrella over his head. His right hand is open and gesturing. The background is a blurred city street with large glass windows and a wet pavement reflecting the light.

HEY, WAIT A MINUTE!

THAT'S SARAH!

I haven't seen her for such a long time, but I've thought about her on so many occasions. And then she almost passes by somewhere in the middle of nowhere. It was just a rainy, sad morning up until that point. And two seconds later it's my day! What a coincidence. And what luck that I have my umbrella with me. It's more than big enough for both of us. So, nothing stops us from turning a hello into a full-blown conversation, and I can finally ask her for her telephone number.

» SUSTAINABLE COMPANIONS

- A “zero waste” shop sells the ÖkoBrella Shopping (Art. 9158) with wooden laser sticker and print on the bag
- An energy supplier uses the ÖkoBrella regular umbrella (Art. 1122) with an individual hangtag as a premium when signing up to an eco power contract

TRULY SUSTAINABLE

Those who love nature are well advised to use FARE. The yarn made of recycled plastic for our waterSAVE® cover material is already fully dyed during the production process. In this case, no water is required whatsoever. Far fewer chemicals are used and the drying time in energy-consuming machines is a thing of the past. The umbrellas in the ÖkoBrella family additionally use elements made of renewable raw materials such as wood or bamboo and are provided with a hangtag made of recycled paper with jute cord. In every colour variation, a green umbrella all the way.

FARE® – DOUBLEFACE

Sporty in wind
and weather

Get outdoors

With the newly designed soft handle, the coloured contrast seams and the black inner coating, this golf umbrella makes a strong appearance. The coloured waterSAVE® cover material and the matching photo motif on the shaft demonstrate its connection to nature.

2385

AC golf umbrella
FARE®-Doubleface XL Vent

- Fibreglass shaft printed with a drop motif colour-coordinated with the cover
- Overlapping ventilation cover
- waterSAVE® cover material made of recycled plastics and dyed using a water-saving process

FARE® - SHOPPING

9158

Mini umbrella ÖkoBrella Shopping

- Sustainable manual opening with genuine wood handle
- The sleeve can be used as a practical shopping bag with storage compartment for the umbrella
- waterSAVE® cover material made of recycled plastics and dyed using a water-saving process

The sleeve turns into
a practical shopping bag

Sustainable shopping come wind or rain

We all want to enjoy with a good feeling and take pleasure in things for a long time. Also in really practical terms, such as when FARE turns the umbrella carrying case into a shopping bag.

SW

» COLOURFUL PROTECTORS

- A paint manufacturer uses a customised FARE®-AOC (Art. 5460) for a mailing campaign targeted at specialist retailers
- A confectionery manufacturer uses the FARE®-AOC (Art. 5460) with doming sticker as a trade fair give-away
- A theme park sells the children's regular umbrella (Art. 6905) with their mascot as a merchandising product online and on-site at their store

BOTH MY EETHHEARTS

SOMETIMES THEY ARE REAL MONSTERS.

They want something and really drive me mad, like before at the carousel. One is crying, the other is whining, and to make matters worse, the clouds are gathering in the sky. Then along comes grandma with the candy floss and their little eyes light up straight away. Nothing matters apart from this huge sweet and brightly coloured cloud. A little moment of childhood happiness – and we all enjoy it together – under my umbrella if the skies start to open up. We won't let rain spoil our fun.

SHAPES AND COLOURS

An umbrella does not always have to be round – unusual shapes attract special attention. This also applies to eye-catching colour accentuation. Set the tone with fancy colours or metallic shades like copper, gold and silver.

COLOUR VARIETY

At FARE brands and colours come together

A whole 18 colour variations are available from stock for our popular auto open/close function mini umbrella with colour-coordinated handle.

Six of these shades are now also available with our sustainable waterSAVE® cover material made of recycled plastics: Without the use of water, the yarn is completely dyed during production – for long-lasting colour fidelity!

PROMOTIONAL GIFT
AWARD 2016

Attention to the tiniest detail

The features of the FARE®-Style series are accentuated with colourful ribs, shafts, handle rings or seams. The deep black waterSAVE® cover material accentuates the contrasting colours and makes every model a trendy accessory.

» FANTASTIC FRIENDS

- A sports club offers the golf umbrella (Art. 2359) with club logo for sale to its members and fans
- A garden tool manufacturer uses the FARE®-Style (Art. 2384) as a personalised gift for customers and employees

HE SHOOTS – SCORES!

HE WANTS TO PLAY IN THE NATIONAL SQUAD ONE DAY.

As a striker. And he trains really hard to achieve it. Three times a week – all year round, in all weathers. As his biggest fans, we are always there to watch: no matter how wet, cold or hot it is on the pitch. With a bottle of water, a pack of plasters and our big umbrella, we are prepared for anything. We cheer him on at every opportunity. And of course, we cheer when he leaves the others standing and confidently sinks the ball in the back of the net.

Yesss, he has really done well!

SIZE MATTERS

There are some things you can never have enough of. In heavy rain, this certainly also applies to the diameter of an umbrella. Especially if you are out and about in pairs, threes or with even more people. In addition to the classic golf umbrella, many mini umbrellas also demonstrate sufficient size when it counts.

FARE®-STEEL

A true gentleman

5659

AOC oversize mini umbrella FARE®-Steel

- Handle in leather look with metal detail
- Top and joints made of metal
- waterSAVE® cover material made of recycled plastics and dyed using a water-saving process

Trends come and go, but good style remains

A high-quality FARE® umbrella, made to be discovered and appreciated. Solidly crafted for real men, the metal element in the handle ensures solid weight. In stormy conditions, the oversized umbrella also demonstrates robust strength, while its eco-friendly dyed cover made from recycled plastics makes it a gentleman when it comes to sustainability.

ENOUGH WITH SITTING AROUND INSIDE.

Today I needed some fresh air, light and open space around me. A little bit of tranquillity and nature. But then the skies started to change. Sun, clouds, dark clouds, sun and so on. At least as many twists and turns as in my book, which completely captivates me after the first few chapters. I have never read a story like this before, page after page you immediately want more. Even though it's probably about to start drizzling, it will pass quickly, and my book and I are sitting in the dry. I have my umbrella with me after all.

» PRACTICAL SAVIOURS

- A chain of book stores offers the printed FARE®-Tube (Art. 5792) as a prize in a competition
- An optician gives customers a clear view with the FARE®-Pure (Art. 7112)

MOTIFS AND SAMPLES

When design can lift the mood! We can't change the weather – but we can make it more beautiful! For example, with a bright blue summer sky, an almost magical colour change when it gets wet, or the latest trend patterns. Printed razor-sharp on the umbrellas, the motifs on the inside or outside lift your spirits as soon as they are opened.

Quickview

- Full digital all-over printing of your chosen motif
- From just 100 units
- Ready for shipment within 15 to 20 days after approval*
- Further finishing options (at a surcharge)

Production-related offset between the segments cannot be excluded.

*Shipping by sea freight included (duration approx. 50 days), shipping by air freight at a surcharge (approx. 14 days)

FARE[®]-TUBE

5792

Mini umbrella FARE[®]-Tube

- Plastic tube printable in full-surface four-colour print
- Colour-coordinated carrying strap made of cover material
- Special handle with silicone ring ensures tight closure of the tube

Stored safe
and dry

Modern, sportive and simply different

With this practical manual opener, a sturdy plastic tube replaces the sleeve. The special feature: After a shower, the wet umbrella can be quickly rolled up and stowed waterproof in the tube, and the excess water simply drained off later. The umbrella is conveniently packed and can be carried anywhere, in a bag, backpack or jacket – and everything around it stays dry!

FARE®-CARBON-STYLE

Sustainability and functionality
go hand-in-hand

An elegant classic with high-tech flair

A classic golf umbrella with attention to detail. Not only the design element in carbon look in the handle or the black waterSAVE® cover material with tone-in-tone check design impresses immediately. The unique comfort experience when closing, which is created by the non-slip handle piece in the middle of the shaft, also makes the umbrella something special.

7915

AC golf umbrella FARE®-Carbon-Style

- Simple and convenient closing using the additional handle
- Details in carbon look on the handle
- waterSAVE® cover material made of recycled plastics and dyed using a water-saving process

GENS

MY LONG- PLANNED WEEKEND TRIP.

I'm so looking forward to it, and there's so much on the itinerary. The cathedral is an absolute must, the historic piazza is something I want to see, and the beautiful arcades of course. The way the light falls from above is unique, even if there are a few drops from the sky. Why else would I have my umbrella with me? Usually that's the best way of guaranteeing dry conditions. Unfortunately, it didn't work this time. But why would it bother me when there is so much to be amazed by?

ANYTHING BUT STANDARD

FARE® umbrellas are surprisingly different. If you are looking for brand representation with a true wow factor, you cannot go wrong with a FARE umbrella. Our range offers innovative models, which stand out due to their cleverness and user-friendliness. Unique finishing options also offer creative potential to spread particularly attention-grabbing campaigns and concise messages.

FARE[®]-VIEW

1119

AC regular umbrella FARE[®]-View

- Transparent windows for a better view in the rain
- Promotional labelling on and under the transparent window

For the best view,
whatever the weather

Umbrellas for people with a vision

Transparency is a trend – and for many industries a matter of course. With the transparent viewing window in the direction of movement, you not only keep an eye on everything important in wind and weather, but also don't miss what's going on.

FARE[®] – ONLY95

*Fits in almost
every handbag*

Achieving the goal with ease

Whether for private use or on a business trip – this ultra-compact mini umbrella is always with you and, at only 95 g, hardly weighs a thing. The umbrella can even withstand a stiff breeze without any problems, so you are prepared for any weather emergency.

reddot design award
winner 2019

5062

Mini umbrella FiligRain Only95

- Extra light polyester pongee cover material
- Only weighs 95 g
- Less than 21 cm long when closed

A person with long blonde hair, wearing a blue and white plaid shirt, grey trousers, and black boots, is walking away from the camera on a wet cobblestone street at night. They are holding a black umbrella over their head and a red leash attached to a small, fluffy brown dog. The street is wet and reflects the lights from buildings and cars in the background. A large, semi-transparent blue circle is overlaid on the lower left side of the image, containing text.

THAT WAS OBVIOUS. IT'S RAINING.

As always when it's my turn to take the dog for the last walk. And it was so cosy on the sofa. Lovely and warm with a blanket, hot tea and a good book. I even started to doze off a little. Until Zottel nudged me with his nose that was, as a little reminder that he still had something to do. So, I quickly slip my boots on, put on a warm jacket and I don't forget my umbrella.

Then I'll make it to the next tree dry and can fall straight into bed when I get home.
